saying about the*

MOVERS SURVIVAL KIT™

“I recently gave a Survival Kit to some folks who bought a second home and were planning to spend the night [there] with little to no furniture. They called the next day and said it was so useful. They used the hammer and nails to hang up a sheet as a curtain so they could have some privacy and toasted with the cups and used the bottle opener to do so (with the wine I gave them). They also said while sitting on the floor that they used the tablet to make a list of items needed for shopping the next day. It was a hit for these buyers for sure!”

MOVERS SURVIVAL KIT™

“I ordered the Survival Kit to see what I would be giving my closed clients. I was very impressed with the completeness of the Kit. Your prices are great and I can still personalize the Kit (children’s items), if needed. My clients are going to love these and you can count on more orders! Thanks.”

Every client that I have given this item to . . . has called and told me how unique and useful [this] Kit is. They also tell me what a very thoughtful agent I am for anticipating their needs and supplying them with just the right items at just the right time. MOVERS SURVIVAL KIT™

“I recently gave the Movers Survival Kit™ to young clients who were purchasing their first home. This property was a mess, and they had to work on it for several days before they were able to move in. This is what my client had to say about the Kit: ‘The Survival Kit was great! Since we couldn’t move anything in right away, we didn’t have anything on hand — everytime we needed something, we said, Check the Kit! It definitely was a survival kit!’ ”
